About Gilda's Toronto:

Gilda's Toronto's purpose is to help people live, while living with cancer. Comedy legend Gilda Radner believed that no one should face cancer alone. Instead, they should have access to complete psychosocial cancer support from communities with shared experiences.

Led by highly qualified experts, our innovative programs and services offer personalized and specialized support to those suffering the emotional and psychological impacts of a cancer diagnosis. This would not be possible without the support of a diverse group of professionals, partners and communities who share our vision.

With the help of cancer care partners and providers, Gilda's Toronto continues to foster diversity, equity and inclusion to support growing communities in the GTA and beyond. That's why we have been a leader in innovative psychosocial cancer support for more than 20 years. And we are just getting started.

"Gilda's Toronto has often been referred to as "the missing link in the cancer care system."
~ Patrick J. Gullane, MB,FRCSC,FACS,FRACS (Otolaryngologist, University Health Network).

Notes:

1. Only those candidates selected for an interview will be contacted. We thank all applicants for their interest in volunteering at Gilda's Toronto.
2. At this time, most volunteer roles with Gilda's Toronto operates virtually, connecting with members online to deliver programs that include education, physical activity and support groups from the comfort of their own homes. This thriving virtual community has become for some, the only connection to emotional support, the only outlet for physical exercise and the only place to meet others who can relate to their feelings of isolation, fear and anxiety. Kennedy Road Charitable Gaming, Special Events and some other programs are in person and locations will be shared if you are interested in applying.
